The Daily Press.

HONGKONG, MAY 22ND, 1913.

A case of extraordinary interest in the shipping world has arisen in connection with the wreck of the Swedish steamer *Nippon* during a recent typhoon. She was driven upon a coral reef, known as the Scarborough Shoals, which is described in a Manila paper as being situated "on the high seas, over 100 miles from the coast of Luzon, and not within the territorial jurisdiction of any country." The master and crew were taken off by a passing ship; the wreck was in due course reported to the Swedish Consuls both at Hongkong and Manila. From Manila a coastguard steamship was sent to the relief of the ship; and immediately upon the return of this steamer to Manila she was chartered by a local American firm, who put men and salvage gear aboard and proceeded to take possession of both ship and cargo. As cargo shipped on board before the steamer left Manila was worth at least £50,000, it may be presumed that the total value of "the prize" is well over £100,000. The Swedish Consul has published a notification that he claims possession of any and all salvage of the steamer, its equipment and the personal effects of the master and crew until His Swedish Majesty's Government and the actual owners of the said property shall have opportunity to exercise their legal rights. The Manila agents of the underwriters have published a warning that any person taking property from the ship without their permission will be called to account for

same "under laws relating to piracy on high seas and so forth." It is mentioned as a point of some importance, presumably, that those notices were not published until it was known that the American salvage men had left to take possession of the wrecked steamer. The underwriters claim that the captain of the *Nippon* took due and necessary precaution against the further destruction of the ship by the elements, and "placed her in a position to be saved by her owners, should the storm which drove her on the shoal abate before the vessel becomes a total loss." There are others, the reports tell us, who hold that this does not give the owners any right to the vessel except through due process of law. We imagine that when the case comes into a Court of Law it will be found that it does not possess all the extraordinary difficulties which the Manila papers attach to it. If Scarborough reef is "not within the jurisdiction of any country," it is not very obvious how the case would come under "the provisions of the old Spanish maritime law." Surely, the case is governed by well-recognized principles of international law, and this attempt on the part of enterprising Americans to hold the ship and cargo as a lawful prize seems to us an amazing piece of bluff. When a ship is abandoned by the master and crew in consequence of their dangerous position or want of shelter on board, or in case the master and crew have left a ship or been taken from on board to save their lives (as happened in this case), and the ship in question is subsequently taken possession of by salvors, the law provides for an award of salvage provided ship and cargo are subsequently brought, either entirely or in parts, into a safe port by the salvors. The master or commander of the *Nippon* has a perfect right to return to his ship and resume the command thereof, in which case the salvors must, on forfeiture of their remuneration, and with liability for damages, immediately give up the command to the master, without prejudice to their right of salvage already acquired. We believe this in brief represents the law governing the matter, and the case therefore presents none of those picturesque features reminiscent of ancient maritime history which the Manila papers impart to it. This is not the only occasion on which wrecks in this part of the world have been preyed upon in a similar manner. Only a few years ago, the German steamer *Seeta*, wrecked on the Paracels, was stripped, by some persons unknown, from stern to stern of everything on the ship, during the temporary absence of the authorised salvage party. If, as at present seems probable, the right to board and claim possession of a ship and all her cargo and belongings is contested in the case of the *Nippon* in the Courts of Law, it will doubtless do much to spread a knowledge in this part of the world as to the distinction which international maritime law draws between *neum* and *faum* in such cases.

There were five cases of plague reported yesterday, bringing the total for the year up to 76.

The Bishop of Victoria is much better, and hopes to give the address in the Cathedral on Saturday morning at the Empire Day Service.

To-day is the Roman Catholic feast of Corpus Christi. Celebrations take place next Sunday, the 25th inst., in the Cathedral of the Immaculate Conception, Hongkong. A High Pontifical Mass will be conducted by Bishop Pozzoni, assisted by the full clergy and the Confreres of the Blessed Sacrament.

EMPIRE DAY.

A short commemorative service will be held at St. John's Cathedral on Saturday, 24th of May, at 9 a.m., and a sermon will be preached by the Right Reverend the Bishop of Victoria.

The service is intended primarily for the British children of the Colony, for whom the nave and both transepts will be reserved; the parents of the children are invited and will be accommodated in the nave aisles. The musical portion of the service will be rendered by the band of the Duke of Cornwall's Light Infantry, by kind permission of Colonel Tuson and officers.

A HIGHER DEITY.

Newspaper misprints are often a source of genuine, though perhaps a little unfair, amusement to the public always on the lookout to catch the Press tripping. It would, however, be difficult to beat the example which appeared in a certain London paper the other day.

The journal in question, announcing that a lady had won the competition for a South African National Anthem, rendered the first line of the composition thus:—
"Gold bless and keep our land!"
Needless to say (adds a contemporary), the reference should have been to a higher deity than that which has played a not unimportant part in South African history.

NEW STEAM LAUNCH FOR MESSRS. A. S. WATSON & CO.

On Sunday last the official trial took place of a new steam launch built by W. S. Bailey & Company, Limited, Kowloon Bay, for Messrs. A. S. Watson & Company, Limited. The new boat, which is called *Tai-Yuk-Pong*, will replace the launch of that name so well-known for many years in connection with Messrs. A. S. Watson & Company's business. The new *Tai-Yuk-Pong* is a handsome boat 70 feet long with a raised saloon forward. The saloon is fitted with lavatory, electric light and ceiling fan, etc., and is panelled in teak. The mean of two runs over the measured mile gave a speed of 10.6 knots, which is a little over the builders' guarantee of 10.5 knots. There were present: Messrs. Henry Humphreys (General Manager of A. S. Watson & Company, Limited), J. A. Tarrant (Secretary), E. R. Miller, Capt. Arthur, Findlay Miller, F. J. Gellion, Thomas Ramsay, D. C. Nicoll and W. S. Bailey. Upon the conclusion of the runs, Mr. Henry Humphreys, in proposing the toast of the builders, expressed his entire satisfaction with the result of their work and especially with the unique style of cabin introduced.

SEVERE EPIDEMIC OF PLAGUE AT PAKHOI.

Plague is very bad at Pakhoi, according to reports in the Tonkin papers. Contrary to previous experience, the pest made its appearance in the city this season in the winter. According to Dr. Sibéril, who is in charge of the French hospital at Pakhoi, there came to his knowledge 30 deaths from plague in December, 59 in January, 209 in February and 286 in March. In the first half of April more than 300 cases were counted. These deaths, it is stated, represent only those known to Europeans or their personnel. In reality, the number should be doubled. The total number of deaths must therefore be about 2,000. The first case was observed on December 13th. It was preceded by an epidemic among rats, of which a great number were seen in the streets.

THE MAGISTRACY.

THEFT FROM A STEAMER.

A Chinese was charged with stealing a travelling clock from the *Canada Maru*. It was stated that the man was seen loitering in close proximity to the cabins, and ultimately he entered one and stole the clock. He was sentenced to one month's hard labour and four hours' stocks.

A PICK-POCKET.

As a stranger to the Colony was peering into a shop window in Queen's Road Central a small boy walked up and extracted from his pocket a purse containing \$22.51. The purse was passed on to another boy, but the movements of the pickpockets were observed by two district watchmen, who arrested them.

SERIOUS CHARGES AGAINST AN AMERICAN.

Before Mr. C. D. Melbourne, an American named S. O. Josephs, was charged with misappropriating \$1,000, the monies of Messrs. Michael & Company, of Cebu. Mr. Moore (of Messrs. Johnson, Stokes & Master) prosecuted, and defendant pleaded not guilty.

Mr. Moore asked for a remand, and said the defendant was found on board a steamer the previous night, the police having found that he had booked a first-class passage to Singapore under an assumed name. He asked for heavy bail to be fixed, as large amounts were involved.

The case was remanded to 10 a.m. on the 28th, bail being fixed at \$5,000.

ALLEGED UNLAWFUL POSSESSION OF OPIUM.

Before Mr. Hazeland, four Chinese—two women and two men—were charged with being in unlawful possession of 1,050 taels of opium, and with attempting to export the same.

Mr. G. A. Woodcock (Assistant Crown Solicitor) prosecuted, and Mr. Otto Kong Sing defended.

Mr. Woodcock said that on the 16th April Inspector Wilden received certain information, and engaged two sampans, being accompanied by a number of Chinese revenue officers. They went out to watch the steamship *Rubi*, which was lying across the Harbour, its stern pointing about mid-way between Blake Pier and Douglas Wharf. Nothing happened till early the next morning, when a boat was seen approaching the *Rubi* from the East. When it came alongside the sails were lowered and the light taken away. A rope was thrown down and a large package drawn on board the ship, and apparently conveyed by someone to the firemen's quarters. This was done three times. Inspector Wilden subsequently went on board, and found three packages similar to those which had been drawn up from the boat. The officer seized the packages, opened them, and found that they contained opium. No one on board claimed the opium.

Evidence was then given by Inspector Wilden, and the case was adjourned.

TELEGRAMS.

[THROUGH REUTER'S AGENCY.]

THE CHINESE LOAN.

LONDON, May 21st.

The prospectus of the British portion of the China 5% Reorganisation Gold Loan 1913, issued to-day, states that £3,000,000 (out of £7,416,680) has been already applied for and will be fully allotted. The list closes at the latest on Friday.

CHINA AND MONGOLIA.

LONDON, May 21st.

The Chinese Legation at The Hague emphatically denies the statement made by the *Daily Telegraph's* Peking correspondent on the 15th inst. that the Russian Minister and the Chinese Foreign Office have signed an agreement conceding entire autonomy in Outer Mongolia.

AMERICA AND JAPAN.

SHIPPING RISKS.

LONDON, May 21st.

A number of inquiries made on Tuesday in the insurance market in connection with the Japanese-American dispute elicited the information that rates covering shipments for the next three months varied from 5/- to 20/- per cent.

THE DEFENCE OF THE EMPIRE.

CANADIAN PREMIER AND SIR WILLFRID LAURIER'S POLICY.

LONDON, May 21st.

The Canadian Premier, Mr. Borden, in the course of a speech at a demonstration at Toronto, said that Sir Willfrid Laurier's conception was of a separate Canadian Navy, which would be distinct from Great Britain's, and which would be neutral in time of war, unless the Government, after examination and deliberation, considered the quarrel just. Mr. Borden described as grotesque and illogical the policy that Canada, remaining within the Empire, could be neutral, and that her ships, flying the British flag, could be neutral in the face of the enemy's ships preying upon British commerce. That policy could have only one result, the severance of every tie binding the Dominion to the Empire. The just pride of Canada's national status might demand a Canadian Division, not of the British, but of the Imperial Navy, constituting a common defence of the whole Empire, but not disunited and separate Navies, of which one or more might be neutral in time of war.

CANADIAN GENERAL RESIGNS.

LONDON, May 21st.

Major-General Mackenzie, Chief of Staff of the Canadian Militia, has resigned in consequence of a disagreement with the Minister of Militia and Defence, Mr. Sam Hughes. The resignation has caused a sensation in Canada, and is compared to the Dundonald episode in 1904.

The Canadian Liberal papers are responsible for the statement that General Mackenzie's resignation is due to friction. It is believed, however, that it is due to an offer of an important military position in England.

Colonel Crowe, head of the Military College at Kingston, has also resigned in order to accept a position on the staff in India.

A NAVAL COURT-MARTIAL.

LONDON, May 21st.

A court-martial at Devonport acquitted Captain Gaunt of culpability in the collision between the battleship *Centurion* and the Italian steamer *Devina* off Portland in December. Lieutenant Boyes, the officer on watch at the time of the collision, was reprimanded for hazarding the ship by default, but he was acquitted of neglect.

THE ALBERT MEDAL FOR KING GEORGE.

LONDON, May 21st.

The Royal Society of Arts has awarded the Albert Medal for distinguished merit in promoting arts, manufactures, and commerce, to King George in recognition of his Majesty's efforts to become personally acquainted with the social and economic conditions of the various parts of the Dominions.

OBITUARY.

LONDON, May 21st.

The death is announced of Mr. Henry Flagler, one of the founders of the Standard Oil Company, and a pioneer in the development of Florida.

BALKAN PEACE PROSPECTS.

LONDON, May 21st.

Reuter learns that M. Daneff, the Bulgarian Delegate, had a long conference with Sir Edward Grey on Tuesday.

The Bulgarian view is that if the Allies will not sign the peace preliminaries it is the duty of the Powers to take steps to secure the signature. The Turkish Delegates take the same view.

Sir Edward Grey has declared that he will advise the Allies not to question matters within the competence of the Powers. It is the view of Europe that if the signature of peace be delayed the Allies stand every chance of losing what they would otherwise gain.

The Greek Peace Delegate, M. Skuludis, ridicules the report of the Greece-Servian arrangement against Bulgaria.

THE PRELIMINARY PEACE TREATY.

The Conference of Ambassadors on Tuesday were unanimous on the necessity of the Allies signing a preliminary Peace Treaty immediately, prior to the discussion of the questions which will be reserved for decision by the Powers.

At a meeting of the delegates of the Allies, after a prolonged discussion, it was agreed to draft modifications of the preliminaries for peace, which will be submitted to the Powers to-day.

M. Daneff, on behalf of Bulgaria, suggested that there should be no modifications, and urged the necessity of the immediate signature of peace.

GERMANY'S ARMY BILL.

APPROVED BY THE BUDGET COMMITTEE.

LONDON, May 21st.

A message from Berlin says that the Budget Committee of the Reichstag have agreed to the Army Bill, and have adopted provisions for increasing the Battalions of Foot Artillery from 49 to 55; Engineer Battalions, from 33 to 44; and Battalions of Communication troops, from 18 to 31. Consequently, beyond reducing the increase in the Cavalry Regiments demanded by the Government from six to three, the Committee have approved of the complete scheme for raising the peace strength of the Army to 661,000.

ANGLO-GERMAN RELATIONS.

FAR-REACHING AGREEMENT PENDING.

LONDON, May 21st.

A telegram from Berlin says that an article by the publicist, Mr. Arthur Dix, is given prominence in the papers. The writer says that a far-reaching Anglo-German agreement is pending, under which Great Britain, in return for the concessions relating to the Baghdad Railway, will accord Germany a prominent economic position in Central Africa including the Belgian and Portuguese Colonies.

Mr. J. A. Pease, President of the Board of Education, speaking at the Mansion House, said the time had arrived when we could say that we, as a nation, were just as friendly towards Germany as we were towards any other nation, and we valued the reciprocity of that feeling.

THE KAISER'S CLEMENCY.

RELEASE OF THE BRITISH PRISONERS.

LONDON, May 21st.

Reuter's correspondent at Glatz, says the commandant of the Fortress states that Captain Trench and Mr. Stewart will be released to-morrow, and will proceed to England immediately. They will be conducted to the frontier by a military escort. They have been informed of the pardon, and were delighted at the news. They spoke appreciatively of the treatment they had received while at the fortress.

THE GERMAN ROYAL WEDDING.

LONDON, May 21st.

The *Norddeutscher Zeitung* welcomes the illustrious wedding guests, especially their British Majesties and the Tsar. Though attending only a family ceremony, this evidence of the cordial relations between the three monarchs constitutes valuable impendabilia for the continued security and undisturbed progress of the nations of Europe.

THE WEDDING OF THE KAISER'S DAUGHTER.

THE WEDDING GIFTS.

LONDON, May 21st.

The *Lokal Anzeiger* says the Kaiser's principal wedding gift will be the proclamation of Brunswick as an independent duchy, with Prince Ernst August and Princess Victoria Louise as the first reigning sovereigns.

The city of Hanover signals the termination of the feud between the Guelphs and the Hohenzollerns by presenting the bride with a magnificent necklace of pearls.

FRENCH MILITARY POLICY.

MORE "INCIDENTS" IN THE ARMY.

LONDON, May 21st.

A demonstration of French soldiers similar to that at Belfort took place at Reuilly among two regiments on Monday evening while the band was playing in the barracks square. The non-commissioned officers succeeded in speedily suppressing the demonstration. The Government is sending a special commissioner to investigate the incidents. The ringleaders will be severely punished.

A message from Macon says that a hundred soldiers of the 134th Infantry, paraded the streets, shouting "Down with the Triennium Service!" and singing the "Internationale." They refused to obey the officers, who endeavoured to induce the men to disperse. The soldiers ultimately returned to barracks in disorder.

NEW FRENCH SUBMARINE LAUNCHED.

LONDON, May 21st.

A telegram from Cherbourg states that the French submarine, *Gustave Zede*, has been launched. The vessel has a displacement of 800 tons on the surface and 1,100 when submerged.

AUSTRIA'S MILITARY BILL.

LONDON, May 21st.

A telegram from Vienna states that the Minister of Finance (Herr Ritter von Zaleski) informed the Budget Committee that the extraordinary military measures since November had cost Austria, excluding Hungary, \$6,959,000.

THE ENGLISH TURF.

LONDON, May 21st.

Roseworthy was scratched from the Derby at 5 o'clock on Monday night.

INTERNATIONAL YACHTING.

LONDON, May 21st.

Sir Thomas Lipton's challenge to America for the Yachting Cup has been accepted, and the race will take place in September, 1914. *Shamrock IV*, which will be 75ft. in length, will be built in Messrs. Nicholson's yard at Gosport.

HOME CRICKET.

LONDON, May 21st.

Yorkshire beat Somerset by an innings and 132 runs.

HONGKONG CRICKET LEAGUE.

ANNUAL MEETING.

The annual meeting of the Hongkong Cricket League was held at the Cricket Club Pavilion yesterday, Mr. R. Hancock presiding. There were also present Messrs. W. D. Braidwood, T. E. Pearce, A. C. Elborough, R. A. Bass, and W. L. Weaver, Capt. Matthews, Q.M.S. Davies, and Mr. A. E. Asger (Hon. Secretary).

The CHAIRMAN proposed the adoption of the report, and said he did not think it required much comment. They had a good credit balance, and it would probably be augmented next year. The report was adopted. The election of officers resulted as follows:—President, Mr. R. Hancock; Vice-President, Mr. W. D. Braidwood. The CHAIRMAN said, in regard to the office of Hon. Secretary and Treasurer, that Mr. Asger had notified him that he would not be able to fill this position any longer, as he was going home shortly. He had been the Secretary of the League since its formation, and he was sure that no one could have filled the office better than he had done. He thought the League should tender a hearty vote of thanks to Mr. Asger for his past services.

Mr. ASGER expressed his thanks to the Chairman for his kind remarks, and said the work had been a pleasure to him. He thought that the League had attained the object for which it was started—the promotion of a keen interest in cricket. He hoped the proposed Second Division of the League would experience a successful season, and thanked the President, Vice-President, and Committee for their co-operation. (Applause.)

On the motion of the CHAIRMAN, seconded by Mr. Asger, Mr. H. H. Taylor was appointed Hon. Secretary and Treasurer for the coming season.

A vote of thanks to the Chairman concluded the meeting.

SUPREME COURT.

Wednesday, May 22nd.

IN SUMMARY JURISDICTION.

BEFORE THE PRINCIPAL JUDGE (MR. J. H. KEMP).

ALLEGED BREACH OF CONTRACT.

Judgment was delivered in the action in which Messrs. W. R. Loxley & Co., general merchants and exporters of wood oil, sued the Nam Mow firm, of 154, Connaught Road Central, for \$1,000 as damages for breach of contract.

Mr. F. C. Jenkin (instructed by Mr. Denny, of Messrs. Denny & Bowley) represented the plaintiffs, and Mr. Davidson (of Messrs. Hastings & Hastings) appeared for the defendants.

His Lordship gave judgment as follows: This was a case of a written contract for the sale and purchase of "wood oil." The plaintiffs, asserting that the oil supplied by the defendants was adulterated to the extent of about 10 per cent., rejected the oil and brought this action for damages for non-delivery of the oil contracted for. The plaintiffs had sold the oil to a firm in New York, but though the defendants knew that the oil was intended for export they were not informed of this particular contract at any material time. Expert evidence was called for the plaintiff to show that the oil was adulterated to the extent of about 10 per cent., though neither of the two experts would swear that that estimate was accurate to within 1 per cent. or 2 per cent., and both admitted that the variation might be a little more than that. Mr. Frank Browne, one of the two experts, gave it as his opinion that the foreign substance was another vegetable oil. Now it is quite clear that Mr. Browne does not even contemplate the possibility of the foreign matter being a natural impurity arising in the course of manufacture. His evidence implies that it was added. Mr. Spurge's evidence, though not so clear, is to the same effect. This evidence is not rebutted in any way. It is also obvious that none of the witnesses, on either side, knows anything of any "wood oil" which contains an admixture of some other vegetable oil. In view of the above facts it is impossible to avoid the conclusion that the goods supplied did not answer the description of "wood oil." What was delivered was a mixture consisting of about 7 per cent. to 10 per cent. of some other vegetable oil added to 93 per cent. or to 90 per cent. of wood oil. The delivery was not of a low quality of wood oil but of a mixture of wood oil and of something which was not wood oil at all. The case therefore comes within both section 15 and section 32 of the Sale of Goods Ordinance, 1890, and the plaintiffs were entitled to reject the goods. I do not base my judgment in any way on the supposed admission in the letter of the 11th October, which I think is not admissible for the purpose of showing that what the defendants contracted to sell was "pure wood oil." It was objected on behalf of the defence that the plaintiffs had not proved that the oil delivered was not merchantable as wood oil. On this point I have come to the conclusion that where a buyer who has agreed to buy a certain quantity of a given substance proves that he has been supplied with a mixture of that substance and a substantial quantity of a different substance the onus is on the seller to show that the mixture comes within the description of the goods which he contracted to sell to the buyers. The defendants have not discharged that onus in the present case. It is important to remember in this connection that there is no question here of degree of refinement or elimination of natural impurities; it is a case of the addition of a foreign substance. The evidence as to the merchantability of the oil is slender. The defendants knew that the oil was for export and the evidence tends to show that in one foreign market it would not have been merchantable. This, of course, is rather slight evidence as to its merchantability in foreign markets generally, though exhaustive evidence on such a point cannot be expected. As regards the plaintiffs' own dealings in the local market their witnesses negative the inclusion under the term "wood oil" of the oil supplied by the defendants. The defendants called evidence to show that all the oil supplied to the plaintiffs has been sold to Chinese dealers as wood oil. This fact, however, does not help them, any more than a similar re-sale helped the defendants in the case of *Widder v. Schilz*, because the defect, to call it such for want of a better name, was latent, being admittedly undiscoverable by the defendants' empiric tests. The case would have been quite different if they could have shown that the Chinese buyers knew that they were buying a mixture. With regard to the measure of damages, I find that there was no market, and I therefore hold that the price on the sub-sale is admissible as evidence of the amount of damage. There has been no suggestion that that price was at all an enhanced one, and I therefore accept it and estimate the damages under this head at \$898.31.

His Lordship gave judgment for the amount claimed in the first particular, \$898.31, the plaintiffs waiving the damages claimed in the second particular. He certified for two Counsel, and refused Mr. Davidson's application for stay of execution.

IN ORIGINAL JURISDICTION.

BEFORE THE CHIEF JUSTICE (HIS HONOUR SIR W. REES DAVIES, K.C.).

ACTION AGAINST THE H.K. AND S. BANK.

Judgment was delivered in the action brought by Lau E. Sam, a trader, of Des Vaux Road Central, against the Hongkong and Shanghai Banking Corporation. The action arose out of the disappearance of the former compradore of the Bank, the plaintiff being the second mortgagee of a mortgage which was assigned to the defendants as part of the security for the due fulfilment of the duties, obligations and responsibilities of the compradore to the Bank. Plaintiff asked that the indenture of a charge and mortgage, dated the 25th of June, 1910, whereby certain leasehold property was assigned to the defendants by way of mortgage be declared *ultra vires* the defendants in so far as it purports to create for such purposes the mortgage of and charge on the said leasehold property. Plaintiff also asked for a declaration that any sale and assignment of the said property was *ultra vires* the defendants and was void.

Mr. F. C. Jenkin (instructed by Mr. C. R. H. Beavis, of Messrs. Wilkinson & Crist) appeared for the plaintiff, and Mr. H. E. Sharp, K.C., and Mr. M. W. Slade, K.C. (instructed by Mr. H. J. Gedge, of Messrs. Johnson, Stokes & Master) represented the defendant Bank. His Lordship at the outset reviewed the facts. Lau E. Sam was engaged by the Bank as compradore in March, 1909, and gave a cash security for the proper performance of his duties of \$62,000, and on 12th March he executed an agreement with certain sureties for the proper discharge of his duties and that of the Chinese staff and for any delinquencies that might arise. In June, 1910, he was required to find further security and gave a mortgage to the Bank of certain leasehold property to secure a further sum of \$38,500. In November, 1910, the compradore executed a second mortgage on the property to the plaintiff for the sum of \$21,000, the second mortgage reciting fully the prior mortgage to the Bank. In September, 1912, the compradore absconded, being in default to the Bank to the extent of \$160,000. The Bank sold the property comprised in the mortgage under the power of sale, but prior to this the Bank had received notice of the second mortgage, and the parties to the sale should be completed, and the proceeds held by the defendant Company until all matters in dispute in that action had been settled. His Lordship, after considering the authorities quoted, was of the opinion that the mortgage was not *ultra vires* the Ordinance, and it was therefore not necessary for him to determine the alternative question as to its validity through them. Judgment was therefore entered for defendants with costs.

THE RECENT BUILDING CASE.

Arising out of the recent action in which Chan Kau, of 142, Hollywood Road, claimed \$5,000 from Chan Woon Chung and Chan Woon Man, of 44, Stanley Street, for damages said to have been sustained by plaintiff through defendants having negligently and unskillfully carried out certain building operations at Nos. 19 and 21, Lower Lascar Row, a counter-claim was brought by the then defendants, Chan Woon Chung and Chan Woon Man, to recover the sum of \$899, due as half share of the cost of erecting the party wall.

Mr. F. C. Jenkin, instructed by Mr. M. Reader Harris, of Messrs. Wilkinson & Crist, appeared for the present plaintiffs, and Mr. M. W. Slade, K.C., instructed by Mr. A. H. G. Jackson, of Messrs. Johnson, Stokes & Master, appeared for defendant.

His Lordship now gave judgment. He said:—I have considered the cases cited and I am of opinion that the counter-claim fails. Section 246 of the Public Health and Building Ordinance, 1903, gives the adjoining owner one month after the delivery of the account to declare his dissatisfaction therewith and if he does not do so the amount becomes liquidated and so the demand is recoverable as a debt (section 247). The case of *Blair v. Cording*, 10 Q. B. D. 516, is not, I think, analogous. The Court held in that case that the sending of a solicitor's bill means "from demand," but in this Ordinance a month is expressly given to the adjoining owner to express dissatisfaction of the account before the right to demand payment arises, and such a demand can only be made if the adjoining owner has not declared his dissatisfaction. I do not think that the demand contained in the letter of 21st August, 1912, delivering the account is what is contemplated by section 247, as no right had then arisen to demand payment. This did not arise until the expiration of one month, the period given to the adjoining owner to express his dissatisfaction.

A DISPUTED WALL.

Action was commenced by Choo Yin Cha and Choo Ching Shi against Tso Sin Ip, of Macao, to have the trusts of the will of Choo On, deceased, so far as they concerned plaintiffs, declared and carried into execution, and to have the estate of the said Choo On administered.

Mr. M. W. Slade, K.C., instructed by Mr. Needham, appeared for the surviving plaintiff, the second plaintiff having died. Mr. E. H. Sharp and Mr. F. C. Jenkin, instructed by Mr. W. B. Hind, appeared for the defendant. Mr. G. R. Bruton, appeared for the defendant. Slade raised a number of points, firstly, as to domicile, and secondly, that the defence be struck out.

Argument had not concluded when the Court rose.

COMPANY MEETINGS.

CANTON INSURANCE OFFICE, LIMITED.

Yesterday, the thirty-second ordinary meeting of this Company was held at the offices of Messrs. Jardine, Matheson & Co., Ltd. The Hon. Mr. David Landale presided, and there were also present: Sir Paul Chater, C.M.G., the Hon. Mr. E. Shellim, Messrs. F. Maitland and H. P. White (Consulting Committee), Messrs. H. Percy Smith, D. V. Stevenson, W. E. Clarke, F. G. Hall, A. J. Pomret, J. M. Britto, Ho Fook, Ho Kum Tong, Lo Cho Shiu, Chan Sam, and Wong Leung Him, with the Secretary (Mr. L. N. Lee).

The Secretary read the notice convening the meeting, and also the auditors' report, after which

The CHAIRMAN said:—The report and accounts have been in your hands for some days, and I will, therefore, with your permission, take them as read. It is necessary that I should explain to you the reason why it has been decided to alter the date at which the annual meeting of the Company is to be held in future. Our system hitherto has been to endeavour to estimate, in October, what the final outcome of the previous year's working will be, and this is open to the grave objection that in October a number of the policies issued in the previous year have not expired, and indeed all the casualties which will affect them have not then taken place. It has long been our wish to alter this system, but the difficulty has been how to bring about the change without inflicting a hardship upon shareholders. A particularly successful twelve months' working makes it possible to overcome this. We are paying a dividend of \$16 per share, which is the same as was paid last year, only we are paying it in May instead of in October, and this, so far from entailing any hardship upon shareholders, offers them an advantage to which I am sure they will make no objection. This payment, you will see from the accounts, can be made entirely out of interest. About this time next year (probably at the end of April, as a matter of fact) we shall hold our next annual meeting, when an interim dividend in respect of the year 1913 will be declared. By next April our underwriting results for the year 1912 can be very closely ascertained, and it is our intention then to pay a final dividend, if the ultimate result and the position of the Company justify it, as we have every reason to think they will. You will realise, therefore, that the benefit of the new system is, that in future no dividend will be paid in respect of a given year out of underwriting profits until all the policies issued in that year have run off, and until the final result can be closely gauged. The payment that we are now making being out of interest, it did not seem to us that there was any reason why shareholders should be called upon to wait for it. Turning to the accounts, you will see that 1912 promises to be a very successful year. The premium income reveals a very substantial increase, showing that we have not failed to secure our share in the greater activity which has taken place at the big centres of trade. Of course, the balance, of roughly a million and a half, you must expect to see considerably reduced when we meet next spring, by which time it will have been debited with all the second year's payments. You will note with satisfaction that the underwriting suspense account is in a very healthy position, as 1911 has been running off well. It also will be observed that the Company's investments in gold securities have increased, and though, of course, these yield a lower rate of interest, we think that the possession of gold securities enhances the Company's credit, and to a great extent it has been necessitated by the difficulty experienced in finding suitable investments for our surplus funds in China. The high rate of exchange ruling on 31st December last is reflected in our investment and exchange fluctuation account, and as we put more of our money into gold so will it be incumbent upon us to maintain this account at a substantial figure to make provision for the loss which may take place in gold values as expressed in silver. Before proposing the adoption of the report and accounts I shall be glad to answer any questions arising out of them which shareholders may wish to put.

There being no questions, the CHAIRMAN proposed that the report and accounts be adopted.

Mr. CLARKE—I have much pleasure in seconding the proposition.

The motion was carried unanimously.

It was proposed by Mr. STEVENSON, seconded by Mr. HO FOOK, and carried, that Sir Paul Chater and Messrs. D. W. Craddock, F. Maitland, H. P. White, and the Hon. Mr. E. Shellim be re-elected as the Consulting Committee.

Messrs. H. Percy Smith and A. R. Lowe were re-appointed auditors, at a remuneration of \$500, on the motion of Mr. BRITTO, seconded by Mr. CHAN SAM.

The CHAIRMAN—That is all the business, gentlemen. Thank you for your attendance. Dividend warrants will be ready to-morrow.

EXTRAORDINARY MEETING.

An extraordinary meeting of the shareholders was then held, Mr. J. S. Harston being called to the chair.

The Secretary having read the notice convening this meeting.

The CHAIRMAN said:—This meeting, as you are aware, is called to consider and, if thought fit, approve of the draft new articles of association. I do not think that they require any lengthy reference from me. The reason for having new articles was explained to you in the circular letter of 1st April, 1913, which, together with a copy of the old articles, and a copy of the proposed new articles, has been sent to each shareholder. There has consequently been ample time for them to be studied. I do not think that the revision contains any matters which can in any sense be regarded as contentious. They have been prepared, as you know, by the Company's solicitors, and their adoption is solely with the object of furnishing the "Canton" with a set of articles up to date, and suitable for meeting the present day needs. Before, however, putting the formal resolution I should be glad to hear any remarks which any shareholder may wish to make. If this meeting approves of these articles, and passes the resolution which I shall shortly put, it will be necessary to submit a further resolution at an extraordinary meeting to be held in three weeks' time.

The CHAIRMAN then proposed the following resolution:—"That the draft new Articles of Association be approved."

Sir PAUL CHATER seconded, and the motion was carried.

The CHAIRMAN then moved:—"That the new Articles of Association, already approved by this meeting, which have for the purposes of identification been subscribed by the Chairman of the Company, be hereby adopted by the Society in substitution for and to the exclusion of all the existing Articles thereof."

Sir PAUL CHATER seconded. The proposition was adopted.

The CHAIRMAN announced that a constitutional meeting would be called in three weeks' time.

This concluded the business.

STAR FERRY COMPANY, LTD.

The fifteenth ordinary meeting of shareholders in the above Company was held yesterday at the offices of Messrs. Jardine, Matheson & Co. Hon. Mr. D. Landale presided, and there were also present: Hon. Sir Paul Chater, Hon. Mr. E. Shellim (directors), Mr. W. S. Brown (Secretary), Messrs. M. S. Northcote, A. E. Crapnell, Ho Fook, J. W. C. Bonnar, H. A. Siebs, J. Scott Harston, J. W. Taylor, C. S. Gubbay, A. A. Eyle, and A. Lamperski.

The notice convening the meeting having been read.

The CHAIRMAN said:—Gentlemen,—With your permission I propose as usual to take the report and accounts as read. The profit on the year's working shows a considerable improvement on the previous one, due partly to the increase of traffic and partly to the decrease in loss on copper coinage. A new double wharf is being erected at Kowloon by the Wharf and Godown Co. and an agreement has been entered into in connection therewith whereby Government extends the term of the agreement for the carriage of the Railway passengers to the Star Ferry Co. to 15 years. As foreshadowed by my predecessor in the chair, the unpaid capital of the Company was called up during the year and \$100,000 of the reserve fund was capitalised in accordance with the resolutions passed by the shareholders on 24th July last year. Your fleet of boats and the Ice House Street Pier having been insured with a local Company against typhoon risks, there is no need at present for an insurance fund, and the amount of \$71,745.84 standing at the credit of this account in the report before you has therefore been transferred to reserve fund with a view to ultimately being capitalised. Further details of this matter will be forthcoming when the proposals are submitted for your consideration. Since the reports were sent to you, we have received a communication from a shareholder relative to the proposed dividend of \$1.75 on the second issue of 10,000 shares, and your directors have been advised that they should meet his claim for a dividend of the same amount as the holders of the first issue. We now therefore recommend an amended distribution of profits as follows:—

To write off Ice House Street Pier, \$5,923.72

To pay dividends as follows:—

\$5 per share on 1st and 2nd issues (20,000 shares) 40,000.00

\$1 per share on 3rd issue (10,000 shares) 10,000.00

To transfer to reserve fund 13,254.06

To carry forward 6,795.15

\$75,972.90

A memorandum of this amendment has been handed to you at this meeting. Before proposing the adoption of the accounts and report with the amended distribution of profits, I shall be pleased to answer to the best of my ability any questions shareholders may wish to ask.

There being no questions,

The report was adopted, on the motion of the CHAIRMAN, seconded by Mr. LAMPERSKI.

Mr. GUBBAY proposed that Sir Paul Chater be re-elected a director.

Mr. NONNOR seconded, and the motion was agreed to.

On the motion of Mr. HARSTON, seconded by Mr. BONNAR, the appointment of Hon. Mr. Landale and Hon. Mr. Shellim to the directorate was confirmed.

Mr. W. Hutton Potts was re-elected auditor at an annual remuneration of \$200, on the motion of Mr. HO FOOK, seconded by Mr. SIEBS.

The CHAIRMAN—That is all the business, gentlemen. Thank you for your attendance. Dividend warrants may be had on application on and after Wednesday 22nd May.

SHIPPING NOTES.

By taking in a shipment of 2,000 tons of coal, the *Empress of Russia* easily put up a record for the largest quantity of coal taken on board a single steamer in Colombo harbour.

According to the Tokyo papers, the Nippon Yusen Kaisha has lately placed orders with certain shipbuilding yards in England for the construction of four steamers of an aggregate tonnage of 23,700 tons.

In addition to the two steamers of 3,000 tons now being built, the Osaka Shosen Kaisha has placed an order with the Kawasaki Yard, Kobe, for the construction of a steamer of 5,000 tons. This steamer is to be put on the Dairen line chiefly for passenger traffic. An order for another steamer of 3,000 tons is under consideration.

The shipping returns for 1912 for the port of Swatow, just published, show 2,017 vessels entered and cleared, with a total tonnage of 3,069,707 tons—an average of 1,172 tons per vessel. British shipping, in 1912, carried 53.6 per cent. of the total foreign and coast trade in 62.4 per cent. of the total tonnage, as compared with 77.8 and 58.8 per cent. respectively in 1911. The year 1912 was an exceptionally good one for tonnage all round, and all vessels were continuously and profitably employed.

Experts declare that the conversion of Germany's mercantile steam fleet into an oil-motor fleet will be only a matter of years. The Germania Yard at Kiel has just completed the building of the first German ocean-going motor-ship. It is the twin-screw *Hagen*, of 8,000 tons, which is destined for the American-German oil trade. The same yard has orders for two more large oil steamers, of which one of 15,000 tons and 4,000 h.p. will be the largest in the world.

During his recent lecture on the gas engine, Professor Bertram Hopkinson pointed out that the *Sealandia*, a Diesel-engined vessel, developed her 2,500 h.p. in 16 cylinders. At the same rate a 30,000 h.p. Dreadnought would require some 200 cylinders of the same size. No engineer would care to be responsible for the installation and working of propelling machinery composed of so many units. Hence, until large gas engines could be constructed, the universal adoption of such motors for marine propulsion would remain a dream. Professor Hopkinson also remarked that steam turbines, on the other hand, were now being constructed in units of 40,000 h.p.

The new steamer *Ango-maru*, which has been built at the Mitsui Bishi Dockyard and Engine Works at Nagasaki, for the Toyo Kisen Kaisha, went outside the harbour recently for her official steam trials. As the *Ango-maru* is the first vessel built in Japan to be fitted with geared turbines, great interest was taken in the trials by Japanese marine engineers and shipping men generally. Many Government officials visited Nagasaki to witness the trials, and the three leading steamship companies—Nippon Yusen Kaisha, Toyo Kisen Kaisha, and Osaka Shosen Kaisha—were well represented. Among other guests were Mr. J. H. Wallace, of Messrs. Holme, Ringer & Co., local agents of the Toyo Kisen Kaisha, and Messrs. Williamson and Aitken, Lloyd's Surveyors. During the trials a slight defect developed which could not be remedied in time for the required number of runs to be completed, and the vessel returned to port.

ROBBERY ON A STEAMER.

EUROPEAN SHIP'S OFFICER THE VICTIM.

The Calcutta Port Police are enquiring into a most daring case of robbery reported to have been committed on board the steamer *Sui Sang*, lying at Prinsep's Ghat moorings, in which a European ship's officer was robbed of various articles of jewellery and clothing, amounting to several hundreds of rupees. The vessel had not been in port two days before the complainant found that his room had been broken open and the following articles stolen: A solid gold hunting watch, marked "Waltham" on the dial, a massive gold curb chain to which was attached a gold medal inscribed "J. Yuill, Rangers Football Club," one gold masonic ring, a leather-backed book, containing a chief engineer's certificate, a Klondike miner's certificate, several other documents of no value to anyone except the owner, a large quantity of wearing apparel, and a sum of money.

SIAM AND THE METRIC SYSTEM.

The Bangkok Times understands that a beginning will shortly be made in the introduction of the Metric system into the country by the standardisation of the *gagan*. This customary unit of capacity is now very nearly equal to a litre, and it is felt by the authorities that its standardisation at that measure will cause a minimum of trouble to all users. Hence a start being made with this measure. Later another unit like the *work* will be similarly standardised and the use of the standard enforced. Gradually the whole system will be introduced in this way, and meantime a knowledge of the system is being more generally diffused.

INTIMATIONS

FACE AND HANDS MASS OF BLISTERS

Red, Watery, Burning and Itching. Driven Very Nearly Mad. Entirely Freed from the Trouble by Cuticura Soap and Ointment.

80, Chesterton Road, North Kensington, London, W. Eng.—The trouble began in the early part of last summer and lasted up till about Christmas. My hands, arms and face were covered with watery blisters, burning, itching and smarting a great deal, in fact they drove me very nearly mad. My rest was disturbed two or three times a night. I was given medicine and ointment but did not improve much until I wrote for a sample of Cuticura Soap and Ointment. I found great relief from the sample and got some more. I used the Cuticura Ointment on Soap every time I washed as per the directions and was entirely freed from my trouble. I have used the Cuticura Ointment on my wounds when I have knicked great lumps out of my hands. It soothes and heals them very quickly. (Signed) J. Harris, July 20, 1912.

If you wish a skin clear of pimples, blackheads and other annoying eruptions, hands soft and white, hair lustrous, and scalp free from dandruff and itching, begin to-day the regular use of Cuticura Soap for the toilet, bath and shampoo, assisted by Cuticura Ointment. Cuticura Soap and Ointment sold throughout the world. A single set is often sufficient when all else fails. A sample of each with 32-p. book free from nearest depot. S. Newbery & Sons, 27, Charterhouse St., London E.C. 3. Towns & Co., Sydney, N. S. W.; Lennon, Ltd., Cape Town; Muller, Macleod & Co., Calcutta and Bombay; Potter Drug & Chem. Corp., Boston, U. S. A.

*Tender-neck men should shave with Cuticura Soap Shaving Stick. Sample free.

FOR CHINA, JAPAN, CORREA

INDO-CHINA, SIAM, STRAITS

SETTLEMENTS, MALAY STATES,

NETHERLANDS INDIA, PHILIP-

PINES, BORNEO, ETC.

FIFTY-FIRST ANNUAL ISSUE.

The DIRECTOR'S covers the whole of the

ports and cities of the Far East, from Nether-

lands India to Siberia, in which European trade.

Not only is the Directory a full and complete

reference as to all that can be made, but each Colony,

Port or Settlement is preceded by a DESCRIPTION

which will serve as accurate guides to the

Tourist, giving every detail in connection with

the place, their History, Topography, etc., etc.

The information in these Descriptions, packed

with facts concisely set out, and containing

statistics of the Trade of each Country and

Port, would alone suffice to fill a large volume.

Form Octavo—Complete with Fifteen Maps

and Plans, pp. 1,882, \$10.00. Directory can

be had for 35c. 66.00.
